THE CORDLESS MODELS
JOIN THE 2500 SERIES!

JULY 2022

Cinzia Cacciari – PMM HHS QuickScan Series

New QuickScan Cordless QM/QBT2500

AGENDA

QuickScan QM/QBT2500

- The new cordless models join the 2500 Series

QuickScan 2500 Series

- Target Markets and Applications
- Where's the Value for the Customer
- Customer Benefits and Feature Set
- Models and Accessories
- Service and Support
- Q&A

QuickScan 2500: Superior performance, affordably

The QuickScan 2500 series is the new family of entry level 2D scanners for general purpose applications. It is mainly targeted at **Retailers, such as groceries and convenience stores, operating in both food and non-food sectors.**

*The QuickScan 2500 2D imager is a **reliable companion at the POS check-out**, the one who **never lets you down** in data capture and no-stop operations.*

Cordless Models QM/QBT2500 join the 2500 Series

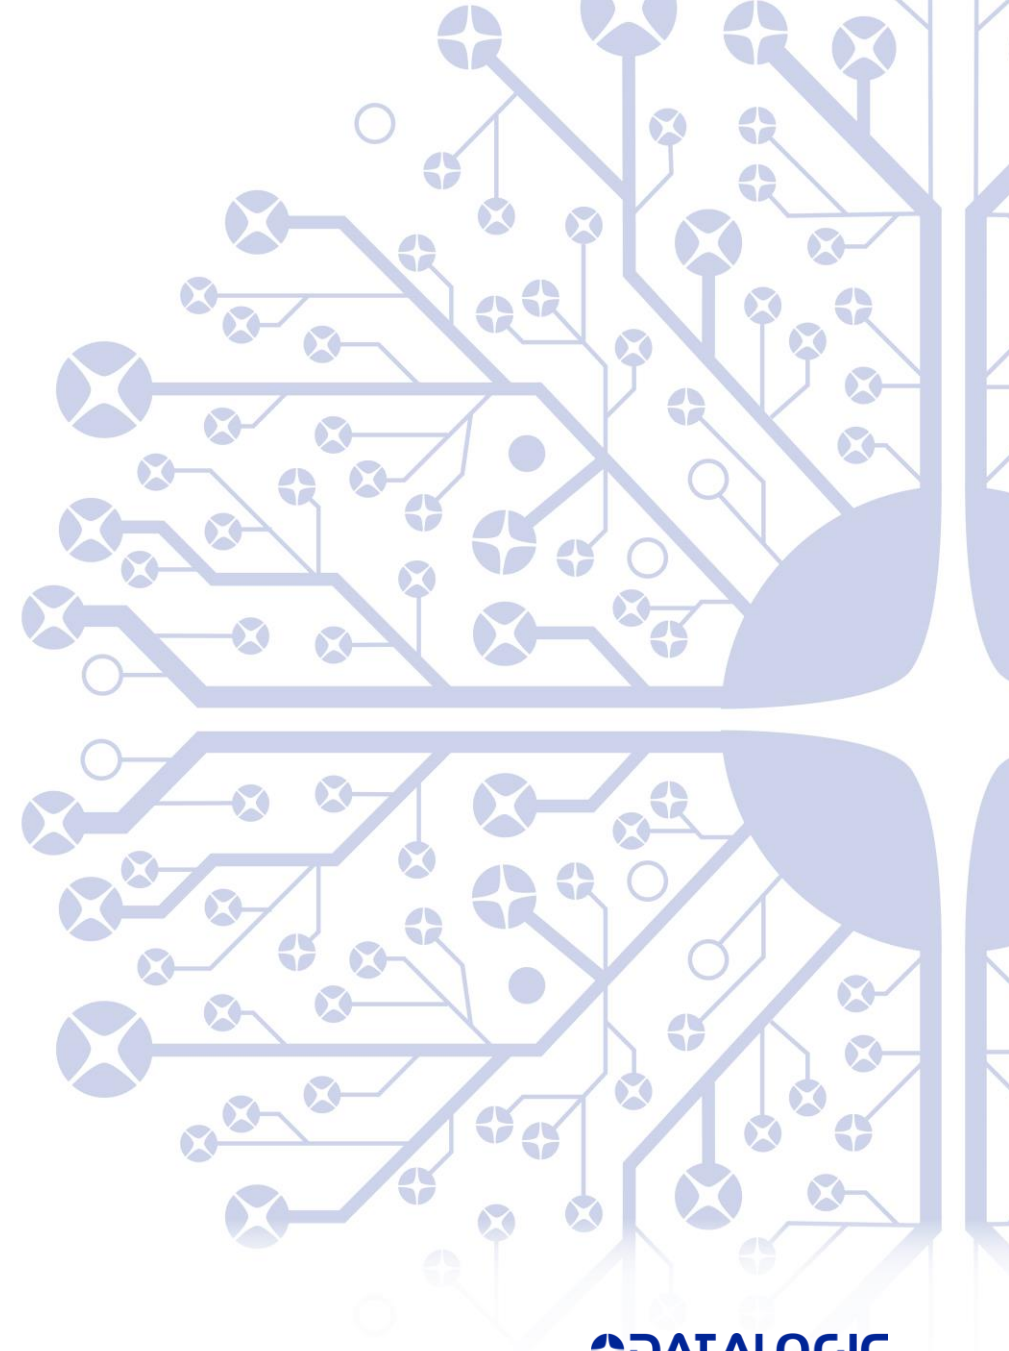

- Bluetooth® 4.0 wireless technology, 2.4 GHz
- Datalogic's STAR Cordless System, both radio frequencies in 433 MHz and 910 MHz
- Radio Range (Open Air): 50.0 m / 164 ft

The Full QuickScan 2500 Series is on sale now!

Target Markets & Applications

Target Markets & Applications

Where's the Value for the Customer?

Zero interference pays you back in 3 months!

POS CHECKOUT in busy SHOPPING MALLS

Estimated savings

- 10 min/day required to manage interferences
- 40€ / \$50 / month x scanner

Zero interference

STAR radio ensures interference-free communication with low sensitivity to obstacles, **avoiding delays and increasing productivity**, particularly in **busy environments with Bluetooth and Wi-Fi**

DOCUMENT HANDLING in POSTAL OFFICES

Estimated savings

- 5 min/day required to manage interferences:
- 20€ / \$25 / month x scanner

Increased Productivity pays you back in 2 months!

POS CHECKOUT in GROCERY and CONVENIENCE STORES

Estimated savings

- 400 transactions/day
- 7 min/day
- 30€ / \$35 / month x scanner

Increased productivity

Have you considered how much you can save by providing a full guidance to the operator, with an **Extreme Precision Aiming System** and **“Green Spot”** visual feedback directly on the barcode?

DOCUMENT HANDLING in POSTAL OFFICES

Estimated savings

- 100 - 800 transactions/day
- 2 - 14 min/day
- 8-60€/\$9-70 / month x scanner

No-stop Operations pays you back in 2 months!

POS CHECKOUT in GROCERY and CONVENIENCE STORES

No-stop Operations

Whenever the barcode is damaged, poorly printed or difficult to read, a good scanner can read it all the same, **avoiding having the operator to manually input the code**

DOCUMENT HANDLING in POSTAL OFFICES

Estimated savings

- 20 sec required for each manual input
- 3.5 min/day
- 15€ / \$18 / month x scanner

Estimated savings

- 20 sec required for each manual input
- 11 min/day
- 45€ / \$53 / month x scanner

No down time allows you to save **extra-money!**

POS CHECKOUT in GROCERY and CONVENIENCE STORES

Increased robustness

The operators have **no down time** because of **break downs** to their scanners, **resets** or **miscommunications**

10

MILLION
TRIGGER

Estimated saving, per # of operators

- 15 min / year, because of one break-down
- 25€ / \$30 over 5 years

DOCUMENT HANDLING in POSTAL OFFICES

Lower TCO spares you up to 4 extra-scanners in 5 years!

POS CHECKOUT in GROCERY and CONVENIENCE STORES

Longer life-time

Lower TCO with a 5-year warranty and EASEOFCARE service plan, because of no breakdowns with the scanner

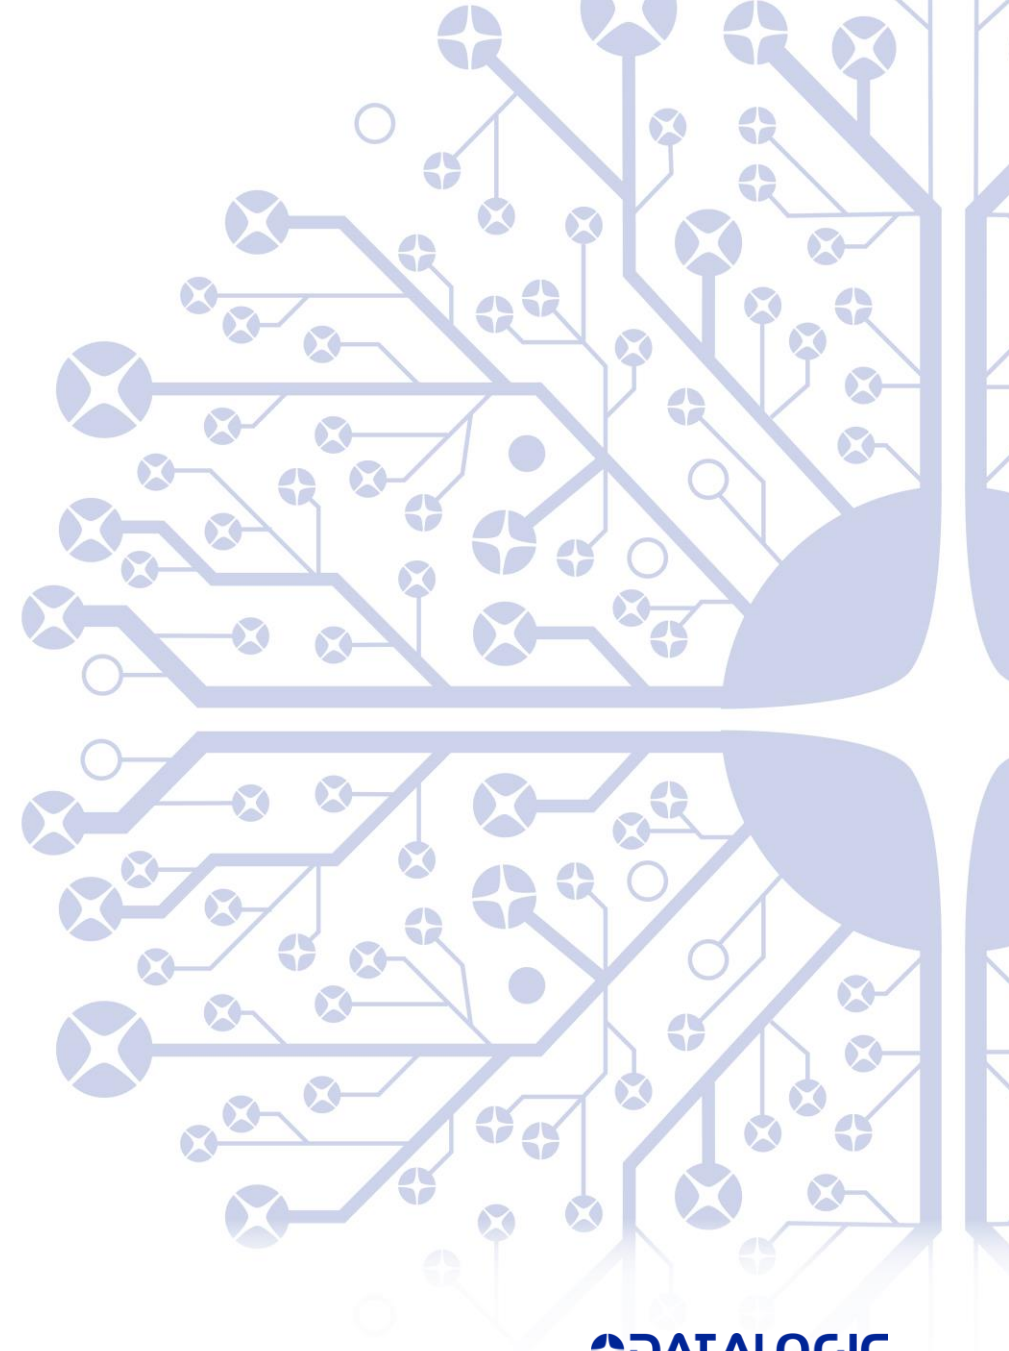

DOCUMENT HANDLING in POSTAL OFFICES

Estimated saving, per # of operators

- 1 scanner / year because of break-down
- 150€ / \$175 over 5 years

Customer Benefits and Feature Set

QuickScan 2500 - Overview

The QuickScan 2500 series is the new family of entry level 2D scanners for general purpose applications. It is mainly targeted at **Retailers, such as groceries and convenience stores, operating in both food and non-food sectors.**

What the **Operator** (the cashier) is looking for

- Best-in-class 'first-time at every time' scanning performance
- To be guided with precise visible, audible and tactile feedback
- To feel comfortable and avoid fatigue in handling the scanner
- Continuous no-stop operations with no failures, zero interference
- Freedom in movement

What the **Customer** (the Retailer) is looking for

- Affordable price to respect their budget
- Best fit for their in-store environment
- Connectivity to their hosts
- Seamless configuration of the scanner

'First-time every time' scanning performance

Operators expect to read first time every time – always!

- Improved operator efficiency and productivity
- Reduced no-reads/misread management activities

Feature set

- **1 MP optics** (QD/QM/QBT 2500) and **VGA sensor** (QW2500) for best-in-class scanning and Depth of Field
- Omnidirectional reading
- Reads 1D, 2D, postal codes, stacked and composite bar codes, **Dot codes**
- **Digital Watermark codes** (QD/QM/QBT2500 only)
- Reads whatever barcode, regardless of whether it's **hard-to-read, poorly printed or damaged**
- Reads electronic coupons **from smartphone screens**
- Reads **through plexiglass barriers**

Full Guidance with Extreme Precision

QD/QM/QBT2500 AIMING SYSTEM

QW2500 AIMING SYSTEM

Operators need to know exactly what barcode they are pointing at any time, to avoid misreads

- Increased efficiency

Feature set

- **Intuitive Blue Dot** LED-based Aiming System (QW2500)
- Dual Blue LED-based **Extreme Precision Aiming system** (QD/QM/QBT2500):
 - Outstanding aimer with two blue sharply-defined triangles
 - Very intuitive in easily targeting the code to be read
 - Faster to point, shoot and decode exactly the proper label
 - Reduces accidental reads in the presence of multiple barcodes

Full Guidance with Green Spot Technology

Operators need to get a prompt feedback of a good-reads, to proceed as quickly as possible during peak

hours

- Increased efficiency and productivity

Feature set

Datalogic's **distinctive 'Green Spot'** technology:

- The green spot provides a **visual feedback directly on the barcode**
- **Perfectly centered** on the code and between the two triangles (QD/QM/QBT2500), in sync with the aimer

Powerful beeper:

- As loud as the associate wishes, **adjustable in tone and volume**

Comfort and no fatigue in handling the scanner

Operators require comfort in their activities, with no fatigue and no stress for their eyes

- Increased efficiency and productivity

Feature set

- Lightweight and easy to handle also for female associates, it is a faithful and seamless companion throughout the whole shift
- Soft Red illumination is easier on the operator's eyes, with no fatigue even on the longest shifts
- New distinctive capability to Adjust illumination brightness
- Operators can adapt the brightness to their own preference
- Brightness can be adapted to specific working environments (e.g., dark rooms)

Continuous non-stop operations with no failures

The scanner must be a reliable companion that never lets you down

- No break-down
- No resets or miscommunication

Feature set

- Superior robustness in its class by **accurate Trigger design** and **highest quality**, exactly where the scanner is mostly stressed
- Trigger withstands **10 Million hits**
- Withstands drops from 1.5 m / 5 ft to concrete
- **IP52** sealing
- New set of recommended cables for **highest immunity** and **no involuntary resets** or miscommunication

Non-stop operations with Zero Interference

The scanner must be a reliable companion that never lets you down

Feature set

STAR Radio 2.0 Wireless communication:

- Narrow band radio: 433 MHz / 910 MHz
- Point-to-Point Configuration, bidirectional communication
- Radio range in open air: up to 30 m / 98 ft

Bluetooth wireless technology 4.0 Certified Class 1:

- Point-to-Point Configuration
- Profiles: SPP - Serial Port Profile, BT HID
- Radio range in open air: up to 50 m / 164 ft

- **Interference-free communication** from other Bluetooth and Wi-Fi devices
- No out-of-range with **wide radio coverage**
- Alternative against shortage of BT components
- **Unique solution** on the market with STAR Radio!

Non-stop operations with Full-shift Autonomy

The scanner must be a reliable companion that never lets you down

- **Full-shifts guaranteed** with no interruptions due to recharging or battery replacement
- Increased efficiency

Feature set

Outstanding operating flexibility:

- Powerful long-lasting Lithium-Ion battery (3.250 mAh)
- Up to 115.000+ Reads per Charge
- 85+ hours with Bluetooth radio
- 60+ hours with STAR radio

Smart Battery Management with 4 different battery operating profiles available:

- Maximum Performance
- Maximum Battery Health
- Maximum Autonomy
- Fast Charge

Charging times: approx. 4 hours (FAST Charge) – 10 hours (regular charge)

- **In- field replaceable battery**

Freedom of Movement

Operators need freedom of movement in their often-restricted working space

- Wide radio range coverage for wireless models is of essence
- For corded devices, the cable must not prevent short-range movements, nor must it be too rigid to struggle with to keep the reader in the hand or in a rest position on the desk
- Users expect to shift from presentation mode and then back to manual reading, depending on the situation
- Increased productivity and efficiency

Feature set

- Wireless Radio range coverage: 30 m / 98 ft with STAR Radio or 50 m / 164 ft with Bluetooth
- Datalogic's patented Motionix™ motion-sensing technology detects automatically when to switch into the 'ready-to-read' mode
- Seamless reading mode transitions with object detection
- Auto-stand mode (QD/QM/QBT 2500 only)
- Recommended set of cables are flexible to fit any working environment

Affordable price for limited budgets

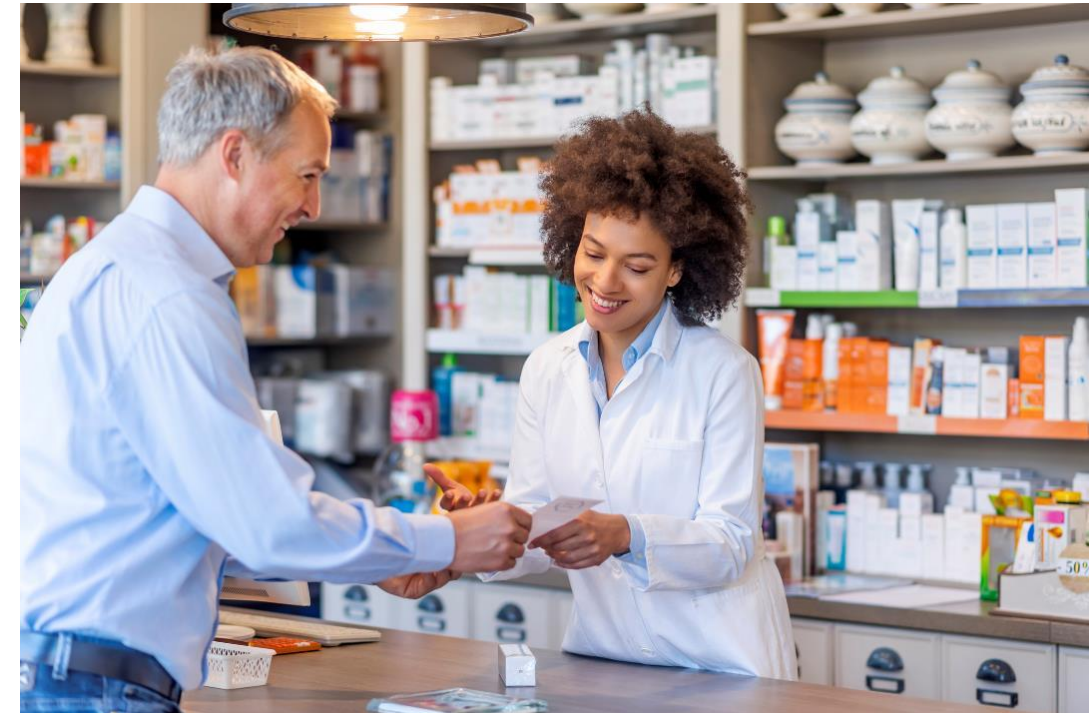

Customers for this class of products look for the best Value for their Money

- They do not have a particularly demanding application for reading distance and extended image capture
- Have limited budget
- Appreciate having not to compromise quality or accuracy of details – the scanner doesn't have to look 'cheap'

Feature set

No compromise in quality, reading performance or reliability, QuickScan 2500 series offers superior value in its class **at an incredibly affordable price!**

- Elegant and **cutting-edge Design**
- Critical components – like **the trigger** – provide superior resistance (**10 M hits**) and **lower TCO**
- Choice of stands and accessories makes the **offer flexible in price**

Best Fit for the In-store Environment

Retailers want to present their stores at their best as it represents their 'image' in front of customers

- The handheld scanner needs to fit well within their POS check-out layout
- The scanner must be as **inobtrusive** as possible

Feature set

- The product range is wide, to **better adapt to latest trends for POS systems** in stores and shopping malls:
 - Two colors – black and white – for QD2500
 - Black-only for QW/QM/QBT 2500
- Elegant and cutting-edge design
- A variety of stands, holders and accessories provide the associates the best fit in their working environment, **even in restricted spaces**

Connectivity to whatever host

The users need is to connect the scanner to any type of POS system and existing hosts

- Cash registers at POS check-outs evolve continuously and now they adapt to **the latest USB-C standard** as well
- Expectation is to connect the scanner to any kind of new POS system, cash register, new PC and/or tablet (e.g., full touch tablet or notebook)

Feature set

- QD/QM/QBT 2500: Multi-interface RS-232 / USB / Keyboard Wedge, including USB-C
- QW2500: USB-only, **including USB-C**
- USB type C straight and coiled cables
- USB type A to type C adapter

Seamless configuration out-of-the-box

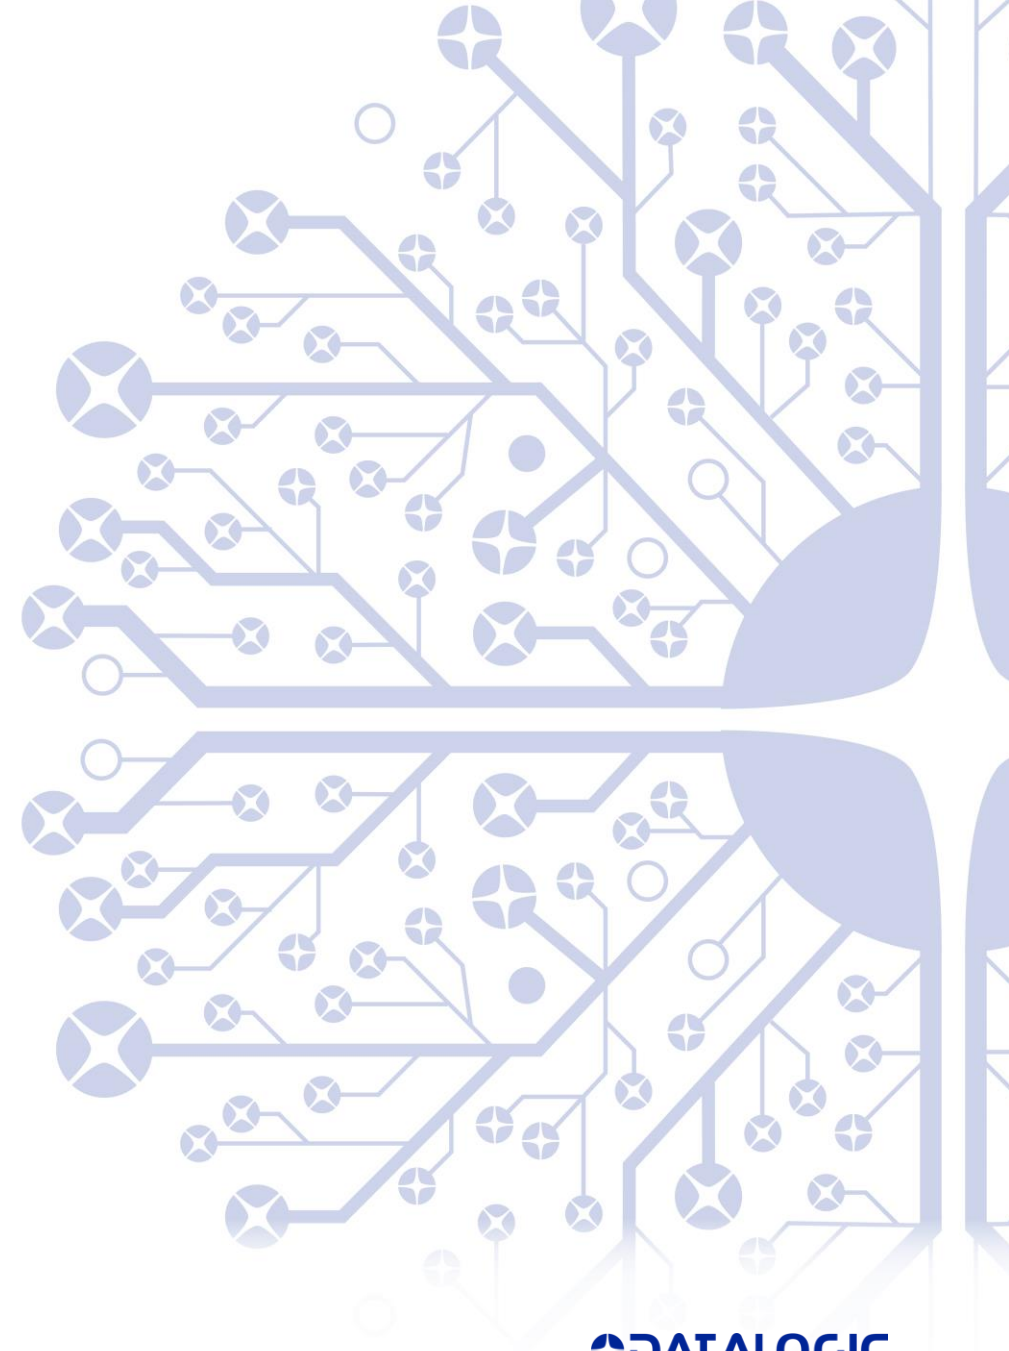

Customers look for easy deployment of their scanners

- Fast and intuitive set-up saves time and increases efficiency

Feature set

- Ready to scan out-of-the-box
- Aladdin 3.0 Configurator provides:
- New modern and **intuitive GUI**, web-based
- **Standalone version** for product configuration, image capture, firmware
- **Online version** to create config barcodes to scan with the scanner directly on a smartphone or tablet
- **Automatic detection** of devices connected at start up
