Product Name	HPRT A4 Mobile Printer	Print Method	Thermal Printing
Product Model	MT810	Print Resolution	203 DPI
Weight	921g	Power Input	5V/2A
Dimension	270 x 95 x 50mm	Special Supplies	HPRT official thermal printing paper roll

## Exquisite appearance, Small and portable

A small one with complete functions can print quickly anytime, and anywhere

## Not only a common printer, but also a mistaken answer printer

Support taking photos to collect mistaken answer and quickly eliminate notes  
Support on-demand test paper generation, review the old and know the new, and improve the review efficiency

Support 210mm and 110mm width paper rolls. Common printer and mistaken answer printer can be converted at will

## Zero ink Zero toner

Only thermal paper is needed, ink cartridge and toner cartridge are not required  
There is no trouble of ink-jet printer blocking the print head  
It can also avoid inhaling harmful substances generated when the toner cartridge is heated, which makes printing safer, eco-friendly, efficient and convenient

Good thermal paper is suitable for students in all stages, for it's easy to dry and write

## Hi-Print APP

Rich learning resources in the App

Covering from K12 to adult education, a large number of office templates  
Support pdf, word and jpg formats and wechat document printing

## Automatic flattening

Innovative structure automatic flattening design  
The printed manuscript is flat and easy to store

## Paper roll design

Paper roll design and continuous paper roll graphic printing  
bring infinite possibilities to creation

## Multiplayer Bluetooth connection

Open Bluetooth for one button direct connection, which is convenient, fast and easy to operate  
Bluetooth supports multi person connection, which is suitable for collaborative cooperation and creative analysis

## Type-C Interface

You can use the most common data cable to charge or connect the computer to print  
With long endurance, it can print 5 volumes of supplies when fully charged
